HE Transformation 2026

Alistair Jarvis CBE

Chief Executive, Advance HE

Three questions:

- + Why are we talking about transformation?
- + What are the common transformation challenges facing higher education globally?
- + How is Advance HE supporting transformation and supporting people through change?

About Advance HE

- + Member-led, international, non-profit enhancement agency
- + Over 480 members in 40 countries
- + Four core areas of expertise:
 - + Leadership development
 - + Teaching excellence and student success
 - + Governance effectiveness
 - + Equality, diversity and inclusion

Why transformation?

- + Acute challenges across all geographies
- + Sustainable transformation necessary – enhance impact
- + Generative AI
- + Transformation as ongoing institutional capability

Common transformation challenges globally

- + AI and transformation
- + Enhancing student success and outcomes
- + Prioritise professional development
- + Importance of collaboration

Advance HE supporting transformation

- + Development of leaders
- + Role of governance in transformation
- + Educational excellence – student support
- + Value of collective discussion

Final thoughts

- + *'How am I staying connected to global higher education?'*
- + *'How are my systems of governance enabling transformation?'*
- + *'How am I investing in my people?'*
